

Dear Family and Friends,

This summer I have been blessed with a very unique opportunity to serve others and help grow the Kingdom of Christ. Starting on (What dates are you traveling?) I will be traveling to the small village of Kirugu, In the African Country of Uganda, in order to (what Project is your group doing? How will this benefit the community in the long run?).

Me and eight other people from (who's in your group?) will be serving along side the Hoffman Family Foundation, a non-profit Christ Centered Organization that is based in Colorado, and operates through out Uganda. We will be working closely with the Community of Kirugu while engaging with students at the Rays of Grace Academy Primary School.

Along with my sacrifice of time I will be giving to this community in need, I will be in part of financially supporting the sustainable projects our group does as well as covering my own travel expenses.

Though this is a very incredible opportunity for me to let God's love work through me in a poverty-stricken environment, I will not be able to do this on my own. I ask for your support through your thoughts and prayers as I make my way across the globe.

Along with my sacrifice of time I will be giving to this community in need, I will be in part of financially supporting the sustainable projects our group does as well as covering my own travel expenses. I have been working hard to save up to \$2,500, which will cover all expenses.

If you feel compelled to help support my service in Uganda financially, I encourage you to donate to the Hoffman Family Foundation in order to help fund my cost portion of my service. All donations will be tax exempt and can be given through check written out to The Hoffman Family Foundation.

I look forward to meeting with you and telling you more about my upcoming adventure! I would love to keep you updated with my efforts this summer by adding you to the Hoffman Family Foundation quarterly Newsletter. Send me your email to stay updated! ☺

God Bless,

-(NAME)
